You'll also find a feedback form to fill in or you can email us directly with comments or questions at info@tomnaclachwindfarm.co.uk

Please note, visualisations can give an impression of the appearance of a landscape and proposed wind farm however neither photographs or visualisations can convey a view exactly as it would be seen by the human eye in reality.

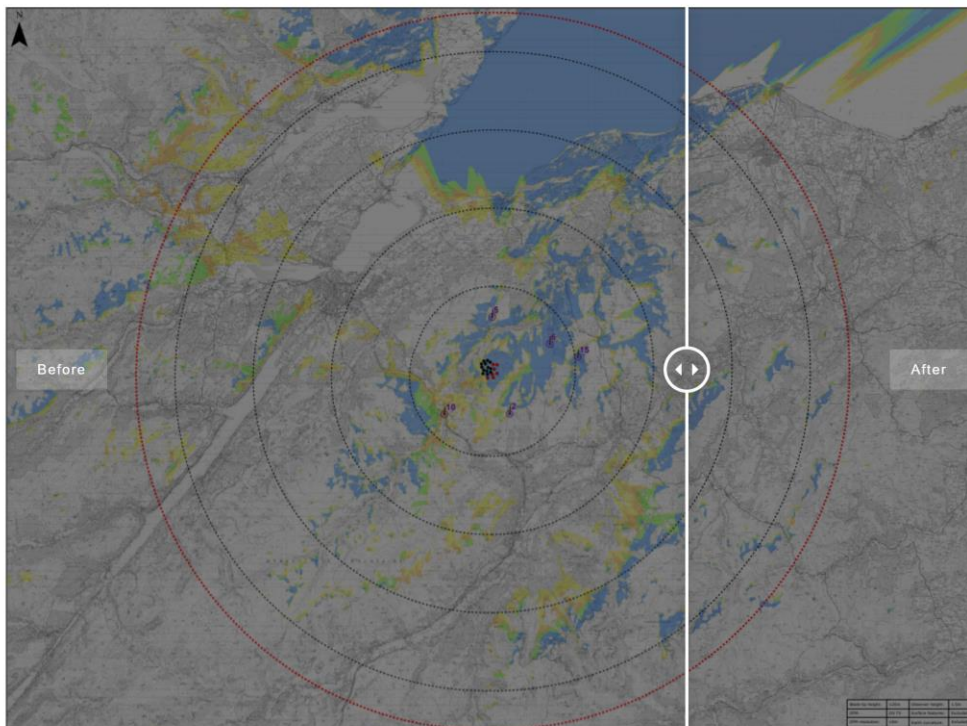

Zone of Theoretical Visibility (ZTV)

Here you can compare the ZTV of the operational Tom nan Clach Wind Farm with the proposed ZTV using a slider tool. If you are having trouble view the slider or wish to view it in greater details, the PDF versions below can also be downloaded.
