Wind Farm Project: Tom na Clach Wind Farm Extension

Date 27th October 2021

Your opinion is important to us. We would appreciate you taking a moment to complete the following questionnaire so we can find out more about your views on the wind farm proposal this exhibition is all about. The aim of this questionnaire is to allow individuals to contribute to the development process and interact with Infinergy. This is not a substitute for the official planning process. No personal information will be passed on to third parties.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

☐ Very Supportive ☒ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

2. What are your views on the use of wind energy in particular to help meet our energy requirements?

☐ Very Supportive ☒ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3a. How do you feel about the Tom na Clach Wind Farm Extension proposal?

☐ Very Supportive ☐ Supportive ☐ Undecided ☒ Opposed ☐ Very opposed

3b. Why do you hold this view? Please state

I support some renewable energy but not onshore wind power, solar biomass and solar power. Onshore sites wreck the landscape value of beautiful areas and create noise pollution. Solar farms take up large areas of land that can be used for agriculture. Biomass production also takes land from other uses. I also do not like the ecological effects of mining for rare earth minerals.

4. How close do you live to the proposed wind farm site?

☐ Between 1 and 5 kilometres (3.1 miles) ☒ Further away than 5 kilometres (3.1 miles)

5a. To develop this wind farm, Infinergy has conducted a range of surveys that assess the current situation on site and the potential impact of the proposed project. Are there any specific elements of the proposal that you are interested in and would like to be updated about?

Please tick the issue that interests you most. If more than one issue, please enter them in the box at question 5b.

☐ No ☐ How the wind farm might look ☐ Electricity output - homes powered
☐ Yes ☒ Local wildlife ☐ Site traffic during construction
Please select one ☐ Potential noise from the turbines ☐ CO₂ savings
☐ Tourism ☐ Local archaeology*
☐ Other (please state) ☐ Potential economic benefits from the project

CO₂ Savings - How long will it be before the CO₂ loss from peat disturbance during construction is offset by CO₂ saving from generating power?

5b. If you have any further interests, please state below:

6. How did you first learn about the project?

- ☐ Word of mouth ☐ Newsletter
☐ Google or other search engine ☐ Newspapers ☐ Radio ☐ TV
☐ (Invitation for) Public Exhibition
☒ Other (please state) via Strathearn Community Council,

7. Please use the area below to ask a specific question or comment on the Tom na Clach Wind Farm Extension proposal.

There are more than enough wind farms in this area - it's landscape value has already been lost so I suppose an extension here is better than another area being used.

8. If you would like us to respond to any of the comments you have made or questions you have asked in this questionnaire, please indicate here and, if required, we will get back to you shortly.
